

# HVAC IAQ Options / Opportunities

## Solaris Pre-filter Ionization

Nanoparticulate capture

- Odor reduction
- Filter disinfection

## Solaris MERV 11 and MERV 13 Filtration

Removes:

- Large particulates
- Allergens
- Dust
- Pollen
- Nanoparticulate capture (with ionizer)

## Solaris T3™ UV Lights

Disinfection (surfaces, airstream)

- HVAC efficiency improvement
- Energy savings

## Solaris PCO Purification + Ion Technology

Disinfection (airstream)

- VOCs and odor reduction
- Air freshening
